## NEW! MPM 16000DCTF Double Clutch Transmission Fluid

MPM introduces a new transmission fluid: MPM 16000DCTF. This transmission fluid was specifically developed for certain types of dual-clutch transmissions which use a wet clutch, built by the VAG group. Volkswagen calls this type of transmission "DSG" ("Direktschaltgetriebe"), and Audi named this type of transmission "S-Tronic".

The fluid offers optimum wear protection and has excellent frictional characteristics; it is easily recognizable by its original green color.

This fluid is exclusively prescribed for the clutch element of, for example, specific Audi Quattro S-Tronic models.

### Specifications:

★ VW 052 529

### Packaging Units:

ART.NR.	VOLUME	PER UNIT	PER PALLET
16001DCTF	1 L	6	450
16004DCTF	4 L	4	112
16020DCTF	20 L	1	30
16060DCTF	60 L	1	6
16205DCTF	205 L	1	2
16999DCTF	1000 L	1	-
P16000DCTF	Bulk	1	-
